ORDER DENYING PETITION

This is a proper person petition for a writ of mandamus. Petitioner seeks an order compelling the State to file an answer to his post-conviction petition for a writ of habeas corpus and an order compelling the district court to resolve all pending motions filed in the district court. We have reviewed the documents presented to this court, and we conclude that extraordinary relief is not warranted.¹ We are confident that the district court will resolve all pending matters as

expeditiously as its calendar permits and will ensure the diligent prosecution of the petition in the district court. Accordingly, we

ORDER the petition DENIED.²
