ORDER DENYING PETITION

This is an original petition for a writ of mandamus and/or prohibition. Petitioner argues that the district court abused its discretion by striking a supplemental order granting the petitioner's motion to disqualify the Clark County District Attorney's Office.

The original order granting the motion to disqualify was at issue in *State v. Eighth Judicial District Court (Ghani)*, Docket No. 61021 (Order Granting Petition, March 22, 2013). This court granted the petition for a writ of mandamus in that case and determined that the district court abused its discretion in granting the motion to disqualify. Because the substance of the supplemental order granting the motion to

disqualify was dealt with by this court in Docket No. 61021, we deny this petition as moot.

It is so ORDERED.
