ORDER DENYING PETITION

This is a proper person petition for a writ of mandamus. Appellant seeks an order directing the district court to reconsider its decision to deny a post-conviction petition for a writ of habeas corpus without conducting an evidentiary hearing. Without deciding upon the merits of any claims raised in the documents submitted in this matter, we decline to exercise our original jurisdiction. NRS 34.160; NRS 34.170. We note that appellant has already filed a notice of appeal regarding the district court's decision to deny his petition and the appeal is pending before this court as Docket No. 64000. In addition, appellant is represented by counsel in Docket No. 64000 and appellant should proceed by and through counsel. Accordingly, we

ORDER the petition DENIED.
