CORRECTED ORDER OF AFFIRMANCE

This is a proper person appeal from the district court's order dismissing appellant's petition for a writ of mandamus or prohibition. We have reviewed the record, and we conclude that the district court did not abuse its discretion. See NRS 34.160 (stating that a writ of mandamus may be issued by a district court or the judge of a district court); NRS 34.320 (stating that a writ of prohibition "arrests the proceedings of any tribunal, corporation, board or person exercising judicial functions, when such proceedings are without or in excess of the jurisdiction of such tribunal, corporation, board or person"). Accordingly, we affirm the order of the district court.

It is so ORDERED.¹
