ORDER DISMISSING APPEAL

This is an appeal from a district court order granting a motion for summary judgment and from an order dismissing certain cross-claims. When initial review of the docketing statement and documents before this court revealed a potential jurisdictional defect, this court ordered appellant to show cause why this appeal should not be dismissed for lack of jurisdiction. Appellant has not filed a response to this court's order. However, the parties have filed a stipulation to dismiss this appeal. Cause appearing, the stipulation is approved and this appeal is dismissed. NRAP 42(b). The parties shall bear their own costs and attorney fees. NRAP 42(b).

It is so ORDERED.
