*ORDER DISMISSING APPEAL*

This is an appeal from a district court order affirming and adopting the findings of the discovery commissioner regarding issues arising during the discovery process. Eighth Judicial District Court, Family Court Division, Clark County; T. Arthur Ritchie, Jr., Judge.

Initial review of the docketing statement and documents before this court revealed potential jurisdictional defects. Specifically, it appeared that appellant lacked standing to bring this appeal and that the challenged order is not substantively appealable. Accordingly, this court directed appellant to show cause why this appeal should not be dismissed for lack of jurisdiction.

Appellant has filed her response to this court's show cause order in which she expresses her intention to voluntarily dismiss this appeal. Accordingly, appellant's request for a voluntary dismissal of this appeal is granted, and this court

ORDERS this appeal DISMISSED.
