DEPUTY CLERK

ORDER DENYING PETITION

This original pro se petition, which we construe as a petition for a writ of mandamus, seeks disqualification of a district court judge.

Disqualification of a district court judge must be sought in the district court in the first instance pursuant to NRS 1.235, and thus, it is improper to first seek such relief in this court. Additionally, petitioner has not provided this court with exhibits or other documentation that would support his claims for relief. See NRAP 21(a)(4) (providing that the

petitioner must submit an appendix containing all documents “essential to understand the matters set forth in the petition”). Accordingly, we

ORDER the petition DENIED.¹
