ORDER DISMISSING APPEAL

This is a pro se appeal. Eighth Judicial District Court, Clark County; Tara D. Clark Newberry, Judge.

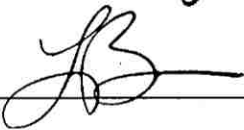

Review of the documents submitted to this court pursuant to NRAP 3(g) reveals a jurisdictional defect. While appellant's notice of appeal purports to be from an order dismissing the action, no dismissal has been entered; instead, it appears appellant is challenging a minute order denying his motion to enter default judgments against respondents. Such an order is not substantively appealable. See NRAP 3A(b). This court has jurisdiction to consider an appeal only when the appeal is authorized by statute or court rule. *Brown v. MHC Stagecoach, LLC*, 129 Nev. 343, 345, 301 P.3d 850, 851 (2013) (this court "may only consider appeals authorized by statute or court rule"). No statute or court rule provides for an appeal

from an order denying a motion to enter a default judgment. This court lacks jurisdiction and therefore

ORDERS this appeal DISMISSED.
