ORDER DISMISSING APPEAL

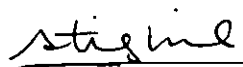

This is an appeal from a district court order denying various post-judgment motions in a negligence matter. Eighth Judicial District Court, Clark County; Jacob A. Reynolds, Judge.

Our review of appellant Mathew Houston's notice of appeal and brief reveals a jurisdictional defect. Houston appeals from a May 15, 2023, district court order entitled "Order on Pending Motions." The subject order resolves various motions, none of which are reviewable determinations. See NRAP 3A(b) (listing appealable determinations from which a civil appeal may be taken). As Houston fails to identify an appealable order, we

ORDER this appeal DISMISSED.
