Good morning Presiding Officer David Hardy:

I am requesting permission to provide electronic coverage of the August 7 proceedings regarding the discipline of District Court Judge Erika Ballou. Our Nevada Judges, Inc. has provided electronic coverage of judicial proceedings before the Commission without issue.

In order of importance, the following are requested:

1. A single, manned high-definition camera that can point at the commission and witness stand.
2. Zoom access, if and only if Zoom is going to be used.
3. An unmanned high-definition camera that points at counsel tables **and does not record sound**.
4. Microphones (with wire) that run to: a) counsel table, b) the presiding officer, and c) the witness stand.

In order of importance, permission to broadcast live of the following is requested:

1. Closing arguments,
2. Opening statements.

ONJ's purpose is to educate and inform, and maximization of video and audio quality has a significant impact on viewer engagement and distribution. If the commission does not allow all requests, we are still appreciative and will do the best we can with the access we have.
