are  
Saturday, October 22 – Friday, November 4  
Election Day is November 8  
Make your pledge to vote below to get the latest updates  
from #OurVoiceNV and reminders straight to your  
phone!

SIGN OUR ACTIVIST PLEDGE

Whether you're Black or white, Latino or AAPI, Native or newcomer, voters across the state want the same things: to provide for their families, ensure their children have a bright future and that their family is healthy. Most of us want a state (and country) where we can do more than just get by; we want to thrive in an economy that works for all of us. That's why when we began our endorsement process, we made sure to put an emphasis on the issues that matter like housing, economic justice and environmental justice. We are proud to endorse these candidates that share #OurVoiceNV for progressive change in Nevada!

We are proud to endorse these candidates that share #OurVoiceNV for progressive change in Nevada!

Cecilia Gonzalez  
for Assembly District 16

Linda Cavazos  
for CCSD Trustee for District  
6

Mercedes Krause  
for Congressional District 2

As a directly impacted person, Cecilia Gonzalez has been a strong advocate for reforming the criminal legal system as an activist and community organizer, before her first term in office. We need lawmakers to be champions, and co-govern with the community, that's why it's important to re-elect Cecilia to the State Assembly. In addition to justice, we believe that Cecilia will fight for Nevadans' right to thrive when it comes to education, women's health and breaking down systemic racism.

As we witness school board meetings becoming one of the latest battlegrounds for MAGA voters and conspiracy theorists, too many bad actors have used them for cover to enact their own privatization agenda. That's why it's important to re-elect Linda Cavazos to the Clark County School Board. Linda has extensive experience serving the community and working with students. We've been proud to work with her for National Voter Registration Day, and gun safety efforts. Linda has also supported youth, and members of the undocumented community seeking mental health services. The school board needs someone with integrity who will not shy from speaking out when other board members lose sight of what's important for our students: strong public schools. Linda will assure that students, regardless of background, have access to the same opportunities and are listened to and respected so they can achieve their full potential.

Mercedes Krause is an educator, activist and community leader. Years before a bill was drafted in the legislature, Mercedes was teaching PLANistas and community members about the importance of banning racist mascots. She's supported PLAN's environmental justice team, and has welcomed PLAN to events hosted by the Indigenous community in Southern Nevada. If elected, Mercedes will be the first Indigenous Congressmember from Nevada. As a member of Congress we believe that Mercedes Krause will be a champion for Black, Indigenous and communities of color by bringing a wealth of knowledge and experience to the halls of Congress. NV02 is worth fighting for, and with Mercedes on the ballot, we're excited for what's possible.

## Howard Watts for Assembly District 15

Howard Watts III worked previously as PLAN's field director where he led the efforts to register thousands of voters and led electoral campaigns that centered the voices of women and communities of color. As a PLANista and a legislator, Howard has been one of the most credible voices demanding climate justice, and to ensure that there is racial equity in the state's response to the climate crisis. In addition, Howard has helped pass bills in the legislature to ban racist mascots and the racist "sun-down" siren in Minden.

## Aaron Ford for Attorney General

Before he was AG, and even before he was a State Senator, Aaron Ford has supported PLAN campaigns for citizenship, warrant clearing, LGBTQ rights, voting rights, and racial justice. In his position as an elected official, AG Ford has kept his promise to the community to have an open door. Even when we disagree, we feel like we've been heard and respected. Aaron Ford has highlighted the importance of common sense reform of the criminal legal system while in office, and has protected our state amidst an abundance of baseless claims of voter fraud, and worked towards justice for the victims of the opioid crisis. While in the state legislature Aaron Ford championed measures for police accountability, criminal justice reform, reproductive health, and voting rights. We are confident that Attorney General Aaron Ford will continue to focus on justice if re-elected.

## Rueben D'Silva for Assembly District 28

As a teacher, veteran, immigrant and activist, Reuben D'Silva will bring expansive knowledge and experience to his role as an Assemblyman if elected. As our state continues to rank among the worst in education in the US, it is crucial to have teachers in office to help improve schools and create a better tomorrow for this and future generations of students. Rueben has been a partner with PLAN for many years, allowing us to teach his students about mining, voting rights, and immigration. He is a great mentor to many, and his voice and community-centered leadership is needed in Carson City.
