

Non-Partisan Recommendation Guide

To Our Fellow Democrats,

Far too often, the elected offices most impacting our daily lives in Nevada are ones that receive the least coverage from our media. The school board positions that shape our children's education, the commission seats that impact our elections, the sheriffs tasked with protecting our communities: these all affect our futures as much as any senator or congressperson.

When we neglect these positions, we're not just risking them becoming footholds for extremist views, we're neglecting the all-important work of building the best Nevada possible for those who call our beautiful state home.

In this all-important election cycle, your party is more committed than ever to delivering wins up and down the ballot for the candidates committed to the service of our state and the promise of our great nation. The following recommendations are made with the intention of ensuring that the positions that have so much influence on our lives are held by people truly committed to justice, equality, and prosperity for all Nevadans.

Sincerely,

The Team at NV Dems
