Re: NVA PAC Endorsement

Dear Barbara Schifalacqua,

I am pleased to inform you that the Nevada Veterans Association PAC has endorsed you for your 2024 campaign. You are receiving this endorsement because we believe you will support, or continue to support, the over two hundred thousand dedicated veterans of the United States Armed Forces who reside in Nevada.

We are proud that our organization advances the interests of Veterans in our state through community action and legislative advocacy. We are affiliated with over a dozen veteran services organizations in Nevada and have been active since 2016. All of the organizations that we are affiliated with will receive a notice of this endorsement. As a registered Political Action Committee, with the Nevada Secretary of State, you may find our active standing on the nvsos.gov website. Attached to this endorsement notification you will find a PNG file of our logo for your use. You have our permission to use our logo on all of your campaign materials including electronic communications.

We look forward to working with you in support of Veterans in our community and throughout the state.

Sincerely,

Donna K Lee, President
Nevada Veterans Association PAC
